

WALL-MOUNTED CAR PARK CO GAS CONTROL PANEL

BP-CO-3000

FEATURES

- Color LCD display, real-time monitor and alarm
- Automatic sound and light alarm for both fault and over-standard alarm
- RS485 signal input and output, able to uploading to the PLC etc.
- Up to 9 relay outputs, customizable grouping, support for partition control

SPECIFICATION

Model: BP-CO-3000	
Parameters	
Channel capacity	20
Power supply	220VAC
Consumption	≤75W
Signal input	RS485
Signal output	RS485
Relay output	9
Group	3
Cable	Shielded network cable
Display	Color LCD screen
Indication lamp	Power, alarm, fault
Ambient temp.	0°C ~ 40°C
Ambient humidity	10 ~ 95%RH (non-condensing)
Ambient pressure	80-120kPa
Body material	Carbon steel
Weight	3.5kg
Dimensions (H*W*D)	347*235*90mm

SYSTEM INTRODUCTION
